What is AppliTrack?

AppliTrack is a web-based applicant tracking system that helps your educational organization identify and hire the best candidates.

With **AppliTrack**, your staff can search, sort, and evaluate a candidate's credentials from any computer with an Internet connection. With a customer renewal rate of 99%, **AppliTrack** has proven to be an undeniable human resources solution.

Who uses AppliTrack?

Almost 900 not-for-profit organizations throughout 33 states use **AppliTrack**. Over 1.5 millions online job applications have been completed with **AppliTrack**!

Employees	Annual Subscription
Less than 250	\$650
251-500	\$1,300
501-750	\$2,700
More than 750	\$2,700 + \$650 for every block of 250 employees

We only have three or four openings each year, why do we need AppliTrack?

AppliTrack makes it very easy for applicants to apply for a job in your park and recreation district. In turn, you will likely see your candidate pools increase, especially for hard to fill positions. Why? Applicants can import their job applications to your district once they have applied to another district, anywhere in the country, that uses **AppliTrack**.

What else?

AppliTrack runs on our servers, you don't need to buy a thing! Once you sign up, you'll be able to begin accepting applications online in less than 48 hours.
