Tuberculosis (Mantoux) Test Requirement

In accordance with state law, a tuberculosis (Mantoux) test must be administered **prior to the start of employment** to all new employees (full-time and part-time), all student teachers/interns and other persons (i.e. volunteers and substitutes) who have contact with students.

If you have had a tuberculosis (Mantoux) test, please submit a copy of the results. If you did not receive a tuberculosis (Mantoux) test, please contact your physician to have the tuberculosis (Mantoux) test administered and submit these results to the Office of Human Resources.
