

KEENEYVILLE SCHOOL DISTRICT #20

5540 Arlington Drive E. • Hanover Park, Illinois 60133
Telephone: 630-894-2250 • FAX: 630-894-5187 • www.esd20.org

School Psychologist

Location:

Multiple buildings across the district

The district is seeking a School Psychologist that supports the academic, social emotional, and behavioral success of students by applying expertise in mental health, learning, and behavior. This role involves working closely with educators, administrators, parents, and students to create a safe, healthy, and supportive learning environment.

Qualifications:

Professional Educator License registered in DuPage
Endorsement: School Psychologist – PreK through Age 21

Reports To:

Assistant Superintendent of Student Services and Building Principal

Responsibilities:

- Assess, evaluate, analyze, diagnose, and write psychological reports.
- Review student records, organize information and determine appropriate assessment battery.
- Assess students' cognitive ability, social-emotional development, adaptive behavior, language development, academic achievement, and both academic and social/emotional needs.
- Participate in the decision-making process regarding special placement of students.
- Provide diagnostic services, counseling, and recommendations for students with special needs.
- Participate in Individual Education Plan meetings with students and parents as needed.
- Conduct psychological assessments and diagnostic evaluations to identify students' needs.
- Develop and implement IEPs in collaboration with teachers and parents.
- Provide crisis intervention services to students experiencing emotional or behavioral challenges.
- Work with students with disabilities to provide tailored support and accommodations.
- Collaborate with school staff to promote mental health awareness and implement school-wide programs.
- Maintain accurate medical documentation related to student care and interventions.
- Communicate effectively with students, parents, and school staff.
- Assist grade level teams in reviewing data and establishing academic and behavioral interventions
