The Niles Township High Schools District 219 traditionally hosts a Township-wide orchestra camp every summer to provide an opportunity to orchestra students in 4th through 8th grades to perform with other young orchestra musicians in the community and to have a chance to work with Ms. Frakes at the high school and see what it will be like when they join NWO! We are so glad to be able to keep this tradition alive during the summers.

Do not hesitate to contact me or your Orchestra Director if you have any questions about this camp! I'm so excited to meet you and make music with you!
