JOB DESCRIPTION FOR FIRE SCIENCE INSTRUCTOR AIDE JANUARY 2026

Basic Responsibilities:

Fox Valley Career Center is seeking a Fire Science Instructor to aid in the delivery of a comprehensive fire science program focused on firefighting strategy, tactics, industry safety, and preparing students for post-secondary education or direct entry into the fire science workforce

Qualifications:

- Current or Retired Firefighter
- OSFM Certifications:
 - Basic Operations Firefighter
 - Hazmat Operations
 - Instructor I

Preferred Qualifications:

- Associate's Degree in Fire Science
- ISBE Substitute Teaching License
- Additional OSFM Certifications
- Basic Life Support CPR Instructor

Hourly Wage: \$15.25/hr

Major Duties and Activities:

- Aid in the delivery of current curriculum and competency-based skills training, including firefighting tactics, equipment operation, and industry safety
- Participate in developing curriculum that integrates industry standards and aligns with the expectations of post-secondary academic partners
- Help in the coordination of hands-on skills learning, fitness training, and industry certification testing.
- Serve as a role model for students while maintaining positive relationships with parents, staff, and the public
- May need to lift and move items up to 65 pounds
- Other duties as assigned by the Director of FVCC, Assistant Director of FVCC, and the Fire Science Lead Instructor

Reports To:

- Director of FVCC
- Assistant Director of FVCC
- Fire Science Lead Instructor
