Differentials
2026 -2027

Differentials are based on Article 5 of the DCTA Contract

The base factor to be used for the computation of differential salaries shall be $41,000 for 2026-2027.

Individual differential assignments will be determined based upon application and subject to approval of the Board of Education.

Pension benefits will depend on the employee and the position taken and will be determined at employment.

1) No pension

2) Illinois Municipal Retirement Fund (IMRF)
