

Nurse, School

Reports to:

Principal; Nurse Coordinator;
Consulting Nurse

Structure/Grade:

LPN: 117/RN: 122

Division:

School-Based

Workdays:

186

Position Summary

Provide essential healthcare services to students, including direct care, emergency assistance, medication administration, and health education, to foster a climate of health and well-being within the school setting. Work independently with minimal supervision, applying intermediate-level knowledge to ensure student safety and academic readiness, while also supporting staff in promoting a healthy school environment.

Essential Job Duties

- Provide direct care to students, including administering medications, giving intramuscular injections, performing respiratory assessments, and assisting with emergency needs.
- Monitor and assess student health on a regular basis to differentiate between those who can remain in school and those who need to be excluded due to illness.
- Maintain accurate health records.
- Conduct regular health screenings such as vision and hearing tests; identify issues and communicate with parents, guardians, school personnel, physicians, clinics, and other agencies as necessary.
- Collaborate with parents, teachers, administrators as well as healthcare providers and community resources to promote student health and create a safe school environment.
- Serve as a resource for health-related issues, providing guidance and support.
- Provide health education to students, staff members, parents, and guardians on topics such as hand hygiene, nutrition, physical activity, and other preventive practices.
- Perform mandatory reporting duties to ensure compliance with all relevant local, state, and federal laws and regulations.
- Identify problems and resolve moderately complex issues related to healthcare matters.
- Perform additional duties as assigned.

Qualifications

- Grade 117 - Licensed Practical Nursing or equivalent education/training required.
- Grade 122 - Registered Nurse License is required.
- First Aid certification and CPR, BLS Certification required.
- Minimum one (1) year registered nurse, practical nursing or closely related experience is required. Experience in pediatric nursing is preferred.

Knowledge, Skills, and Abilities

- Intermediate nursing knowledge, including infection control, medication administration, and health assessment procedures
- Understanding of body functions
- Knowledge of public health management protocols
- Knowledge of child development and educational principles and approaches pertinent to children with various disabilities and learning needs
- Knowledge of educational approaches for planning and implementation of intervention programs for children and families
- Knowledge of DCSD policies and procedures
- Ability to perform clinical tasks professionally
- Ability to identify symptoms of diseases and chronic medical problems
- Effective oral, written, and interpersonal communication skills, and the ability to communicate with those with sight, hearing, and speech impairments
- Good computer skills, and the ability to use all relevant software
- Ability to build productive internal and external working relationships and to resolve mutual problems by collaborating on procedures or transactions
- Ability to maintain accurate records
- Ability to maintain a high level of confidentiality
- Ability to organize and prioritize tasks and manage multiple assignments simultaneously
- Ability to provide standard professional advice and create initial reports/analysis for review by experienced team professionals
- The ability to assist students with toileting, feeding, transference from one seat to another seat or location.
- The ability to remove students' clothing, diaper students, and clean students

Physical Demands and Work Environment

- Occasionally required to move equipment weighing up to 25 pounds.
- Occasionally required to maneuver and assist people weighing from 25 pounds to more than 100 pounds.
- Occasionally exposed to hazardous fluids.
- Occasionally exposed to the risk of needlesticks and exposure to communicable diseases.
