## **Network Administrator**

### **HOPKINTON SCHOOL DISTRICT**

The Hopkinton School District is seeking a full time Network Administrator. This position is responsible for maintaining and upgrading wired and wireless networks, servers and acting as a second level support for end-users. This is a year round hourly position.

**Requirements:**

- Strong customer service and communications skills.
- Able to work independently and as part of a team.
- Experience administering Windows Server, wired and wireless networks. Experience with Google GSuite and MacOS a plus.
- Able to assist in the setup and deployment of computers in a network environment.
- Travel to various schools within the district (standard mileage rate paid).
- Able to diagnose and repair common hardware and software problems.
- Bachelor's Degree and CCNA or equivalent experience in an IT field. Experience in education a plus.

Qualified candidates should apply online at;
