DESCRIPTION:

The Science Teacher plans, and administers the science instructional program and classroom operation in compliance with guidelines and regulations determined by the administration, Board of Education, state and federal agencies. The teacher will create an environment that encourages learning, motivates students to develop skills, attitudes and knowledge needed to establish and continue a firm foundation to perpetuate the learning experience through the post secondary education and/or career opportunities. The Science Teacher will utilize all the resources available to establish a cooperative relationship with parents, staff members and administrators to support each student's opportunity to learn and grow in educational and life experiences. The position of Science Teacher shall include active participation in the school's operation to support a positive learning environment.

MINIMUM REQUIRED QUALIFICATIONS:

- Credential: Valid California teaching credential with an authorization to teach Science in grades 7-8 in a departmentalized setting. Specific type of science credential shall be determined based on need. CLAD/BCLAD/EL Authorization (Emergency permits are not accepted).
- Education: A Bachelor's Degree, including all courses and/or exams needed to meet credentialing and subject matter competency.
- Experience: As mandated by the state, and accepted by the school district.
- Personal Qualities: Resourceful, innovative, helpful, diligent, persistent, and a willingness to work with colleagues and students.

PREFERRED:

- Additional: Valid California Driver's License
- Experience: Prior teaching experience.

DUTIES AND RESPONSIBILITIES:

A. INSTRUCTIONAL:

1. Teaches science and incorporates critical learning procedures in both a classroom and laboratory setting.
2. Assist students understanding of science and the development of key analytical skills in a supportive environment that encourages student inquiry and engagement; provide students with an environment that encourages explorative hands-on scientific research.
3. Develops students' understanding of literature research in science concepts.
4. Organize storage areas and control the use of materials, equipment and tools to prevent loss or abuse, and to minimize the time required for distribution and collection.
5. Instructs students in citizenship and basic subject matter as specified in state laws, regulations and District policies.
6. Develops clear and appropriate lesson plans and identifies instructional materials.
7. Selects, designs and organizes objectives, strategies and materials for teaching science, and incorporates research findings in the instructional program.
8. Provides individualized and small group instruction (as necessary) to adapt the curriculum to the needs of each pupil. The teacher will have the ability to teach at various levels of instruction, including advanced placement courses. Determines the appropriate pace for instruction related to students' abilities and explains material and subject content to students and parents. Differentiates instruction for students based upon need and works with students and other teachers in inclusive settings
9. Establishes and maintains standards of behavior in the classroom and throughout the school to achieve a positive and functional learning atmosphere for students
10. Evaluates students' academic and social growth, keeps appropriate records, prepares student progress reports, and provides accurate and constructive feedback to students and parents. (as necessary).
11. Uses data to improve the learning and instruction process.

12. Create and maintain an environment that fosters student creativity, critical thinking skills, academic achievement and the development of lifelong skills.
13. Show competence and confidence in working with new technology and various application packages.

B. STUDENT MANAGEMENT:

1. Maximize opportunities for student success by creating positive mentoring and working relationships with students and colleagues.
2. Create a classroom environment reflective of the 21st century skills and the various student individual needs.
3. Be a role-model for students regarding life-long learning and professional behavior.
4. Establish and implement a classroom discipline policy to articulate and maintain standards of expected pupil behavior and achieve an effective learning environment in the classroom; maintain a classroom atmosphere conducive to learning.
5. Provide students with additional instruction as required if they need support in academic skill development.

C. PROFESSIONAL:

1. Maintain positive staff relations; Works closely with the site principal to collaboratively lead the school through shared decision-making processes.
2. Cooperates with other professional staff members to identify student needs and develop assessments to solve health, attitude, and learning problems.
3. Participates in faculty committees, meetings and other faculty sponsored programs supporting the educational program.
4. Demonstrates regular and timely attendance.
5. Networking and collegiality, mutual support, and deep individual and collective reflection and expected amongst staff.
6. Promotes a positive image of public education; willingly engages with community and business partners to be incorporated as a resource in curriculum development and student projects.
7. Attend and participate in required in-service activities.
8. Meet deadlines; maintain appropriate records and prepare progress reports as required; follow district promotion policy.
9. Follows District and Schools' policies.
